Project Title: HUNTINGTON BEACH ENERGY PROJECT

Energy Commission Docket Number: 12-AFC-02

Energy Commission Contact Person: Felicia Miller Telephone: (916) 654-4640

Project Location: The Huntington Energy Project will be constructed on 28.6 acres, located in the city of Huntington Beach. The project address is 21730 Newland Street, located in an industrial area of Huntington Beach. The project site borders a manufactured home/recreational vehicle site on the west, tank farm on the north, the Magnolia Marsh wetlands on the north and east, and the Pacific Ocean and Huntington State Beach Park on the south and southwest.

County: Orange

Project Description: The Huntington Beach Energy Project will be a natural gas-fired, combined-cycle, air-cooled, 939-megawatt electrical generating facility using existing linear facilities, and is designed to support both electrical reliability and grid stability to support peak demand and resource adequacy requirements.

On October 29, 2014, the California Energy Commission approved the above-described project pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code. The Energy Commission adopted the Revised Presiding Member's Proposed Decision (RPMPD), and Errata. The Commission will compile a single document combining the Adoption Order, the RPMPD, and the Errata for the convenience of the parties and the public; in the meantime, please refer to the individual documents. The effective date of the Decision is October 29, 2014.

The Commission docket files containing the PMPD, Revised PMPD, Errata, and the compiled final Commission Decision and other information regarding the project are available to the public on the Commission's web site located at http://www.energy.ca.gov/sitingcases/huntington_beach_energy and at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814.
