DATE: November 13, 2014

**RE: Intervenor Status and Issues of Interest**

Dear Mr. Celli,

Thank you for contacting Los Cerritos Wetlands Land Trust in regard to our interest in the Alamitos Energy Center proposal. At your request, we have reviewed the list of topics that you forwarded, and identified those that may be of interest to the Land Trust.

We are a non-profit organization dedicated to the acquisition, restoration and future protection of the Los Cerritos Wetlands for its natural values and for public enjoyment of those resources. With that in mind, our participation in the process will be limited to issues relevant to that mission.

Below is a non-exhaustive list of issues we predict may be relevant to our mission. To be clear, we believe that as the process unfolds, potential concerns under some of these topic headings may be resolved and our participation will therefore be limited to the remaining topics. Likewise, as the process unfolds, issues of relevance to our mission may arise under different topic headings, and we do not want to preclude ourselves from commenting on those issues if and when they arise.

From the topic headings you forwarded, our non-exhaustive list may include:

PROJECT DESCRIPTION  
PROJECT ALTERNATIVES  
COMPLIANCE AND CLOSURE  
FACILITY DESIGN  
GREENHOUSE GAS EMISSIONS  
AIR QUALITY  
HAZARDOUS MATERIALS MANAGEMENT  
WASTE MANAGEMENT  
BIOLOGICAL RESOURCES  
SOIL AND WATER RESOURCES  
CULTURAL RESOURCES  
GEOLOGICAL AND PALEONTOLOGICAL RESOURCE  
LAND USE  
TRAFFIC AND TRANSPORTATION  
SOCIOECONOMICS  
NOISE AND VIBRATION  
VISUAL RESOURCES.

Once again, thank you for contacting the Land Trust. Please don't hesitate to contact me at any time regarding this communication, or for any other reason.

Sincerely,

Elizabeth Lambe  
Executive Director  
Los Cerritos Wetlands Land Trust
