Subject: Filing of Notice of Decision in compliance with Public Resources Code section 21080.5 and Title 20, California Code of Regulations, section 1768

Project Name: Hanford Energy Park Emergency Peaker Project

Energy Commission Docket Number: 01-EP-7C

Energy Commission Contact Person: Mary Dyas **Phone #:** 916-651-8891

Project Location: On 5 acres of the 10-acre parcel owned by GWF in Kings Industrial Park on the southern border of the City of Hanford in Kings County

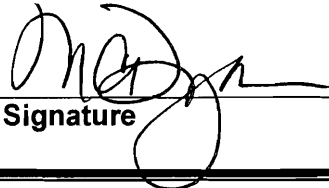

Project Description: Originally certified as an Emergency Peaker in 2001 as a 95-megawatt, natural-gas fired, simple-cycle peaking facility on 5 acres of the 10-acre parcel owned by GWF Energy, Inc in Kings Industrial Park. Certification amended in 2010 to a 120-megawatt combined-cycle, natural gas-fired facility.

Modification Description: The revocation of the 2010 Amended Final Decision for the GWF Hanford Combined-Cycle Power Project and the extension of the original 2001 license for the Hanford Energy Park Emergency Peaker project.

On November 17, 2014, the California Energy Commission approved the above-described project change pursuant to a regulatory program certified by the California Secretary of Resources under section 21080.5 of the California Public Resources Code, finding that:

1. The project will not have a significant effect on the environment;
2. Mitigation measures were made a condition of approval of the project; and
3. The project is in compliance with all laws, ordinances, regulations, and standards.

The Commission's docket files containing the Energy Commission's Final Decision and other information regarding the project are open to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814.
