RE: TN#203474, Telephone Conversation with Caltrans on I-5 Expansion Near CECF Site

In the telephone conversation between Staff and Caltrans on 12/11/2014, Caltrans representatives indicated that they would be forwarding to Staff the design files of the I-5 project's footprint on 12/12/2014.

We would appreciate Staff's timely docketing of these design files so they may be evaluated by all interested parties.

Does Staff believe that the information provided by Caltrans will require changes in their PSA or in the subsequent FSA?
