**Docket #: 12-AFC-03 Does this mean AES will finally continue with Redondo Beach Facility =-)**

Not quite sure what this means: Docket #: 12-AFC-03 ... I hope AES will continue with the plan of having a more efficient power plant and adding a desalination plant on their property in Redondo Beach California. Measure A was voted against which was a win for AES. I wrote letters to the press for AES, attended functions and made my voice heard that I was in Favor of AES staying right where they are in the City Of Redondo Beach at many city council meetings. Then AES gave the city of Redondo Beach an Olive Branch, to let the voters decide again and Measure B. I couldn't believe that they did that. That Measure B was an attempt to cancel out Measure A (which disrespected the voting publics decision and then some). Thank GOD Measure B did not pass.. I am Pro Power plant in Redondo Beach and I am sick and tired of what my City Council has put AES through. Enough is enough. Now the Mayor and council are going to put together a plan C (which is a taskforce to make everyone happy). They are in denial, if they think you can make everyone Happy. Its a Fact a life, people pleasing just doesn't work.
