Take down the power plant

As a resident of Redondo Beach, I'd like to ask the CEC to please DO NOT renew the permit to AES for their power plants. There have been enough studies and research done that shows we DO NO LONGER need that power plant for the electric grid that it covered. It is a waste of money and resources that could go towards bettering the community without the carbon footprint and noise pollution that AES power plant is causing right now. Please continue to oppose AES from operating in Redondo Beach.
