SHUT DOWN THE AES POWER PLANT AND DON'T REBUILD!!

Additional submitted attachment is included below.

Comments Regarding:
Redondo Beach Energy Project (12-AFC-03)

SHUT DOWN THE AES POWER PLANT AND DON'T REBUILD!

My family and I reside in the neighborhood directly downwind from the AES Redondo Beach Power Generating Station. We **do not want** a power generating station in Redondo Beach! Please understand that many thousands of Redondo Beach residents feel very strongly that they do not want the AES Redondo Beach Energy Project to be approved.

Many decades ago when the power generating station was originally built here, Redondo Beach was sparsely populated. Now, it is in a very densely populated neighborhood where it is entirely inappropriate.

We want the major source of air pollution in our area to be removed and not be replaced. We want cleaner air. We want the land to be used for projects more in line with our coastal community. We do not want the noise of a power plant. Most importantly, **we do not want the increased particulate pollution** that would be produced by a new AES Redondo Beach Power Generating Station. **Say NO to AES!** Listen to Redondo Beach residents: **do not approve the Redondo Beach Energy Project (12-AFC-03)!**

Adele Gleichman
Redondo Beach resident
