## **AES Power Plant**

I have lived in and around Redondo Beach for over 60 years and the power plant has always been there. We, the residents of Redondo Beach, do not want to endure anymore years with this ugly eyesore.

I understand that the power plant is not necessary to generate energy any longer in this location.

Please don't allow AES to hold our city hostage over this question of rebuilding their existing plant or building a new power plant. Thank you
