ARFVTP: 3103 Regulation Response Form

1. What are the possible impacts for your project with the credit discount provision and the timeframe for when you expect to generate credits.

For our current program there is no intent to generate credits. Therefore, we do not anticipate that the new credit discount provision will have any impact on our project.

For future awards, we will have to calculate the impact of this provision on a case-by-case basis.

2. We would also like to provide you the opportunity to provide a statement for our record.

Not at this time.
