Would like to meet in order to discuss idea

My name is James Yoo and my business partner is Paul Han. We both live in California. As most are aware, California has been experiencing a long drought. The drought has been especially bad this year. We would like to meet with the governor because we have a brilliant idea that could help reduce the severity of this drought. We will not disappoint. What is the benefit in sharing our idea? Will there be an incentive?

Could we set up an appointment as soon as possible? We look forward to your reply. Thank you.
