Clarification to prior comment

I am writing now to clarify that I support the proposed confirming regulation, the text of which was published on June 12, 2015 and which is docketed at TN #205004. On June 16, 2015, I submitted comments titled "Please support modification," indicating that my outlook has remained unchanged since sending the Commission a letter dated February 11, 2015. In my February 11, 2015 letter, I stated that the regulation would be detrimental to my business. I meant the regulation as it existed prior to emergency changes. I supported the emergency changes to the regulation, and I support these confirming changes.
