2015 Integrated Energy Policy Report Electricity Demand Forecast  
Submission  
Docket - 15-IEPR-03 – Electricity and Natural Gas Demand Forecast**

Dear Ms. Rasberry:

The California Energy Commission (Energy Commission) is in receipt of an Application for Confidentiality dated June 12, 2015, submitted by San Diego Gas & Electric Company (Applicant), seeking confidential designation for the following information:

- Form 8.1a (IOU) – IOU Revenue Requirements by Major Cost Categories/Unbundled Rate Component
  - Row 18 – Natural Gas-Fired Average Fuel Price

Because the information is substantially similar to information previously designated as confidential during the development of prior *Integrated Energy Policy Reports (IEPR)*, this application will be considered a repeated application.

Information submitted to the Energy Commission can be deemed confidential without the need for a new application under California Code of Regulations, title 20, Sections 2505(a)(1)(G) and 2505(a)(4) if you file a certification under penalty of perjury that the new information is substantially similar to the information previously granted confidentiality.

In this case, your current application will serve as your certification and the designation of confidentiality will be under the same terms as the prior designation. In the future when submitting substantially similar information, you may take advantage of the repeated application process by providing a certification along with the data.

The identified confidential information contained in *IEPR* Form 8.1a (IOU) will be kept confidential until December 31, 2017.
