Dear Ms. Meiers-De Pastino:

The California Energy Commission (Energy Commission) is in receipt of an Application for Confidentiality dated June 2, 2015, submitted by Southern California Edison Company (Applicant), seeking confidential designation for the following information:

In this case, your current application will serve as your certification and the designation of confidentiality will be under the same terms as the prior designation. In the future when submitting substantially similar information, you may take advantage of the repeated application process by providing a certification along with the data.

Ms. Meiers-De Pastino
