Camille Remy-Obad  
Compliance Project Manager  
California Energy Commission  
1516 Ninth Street  
Sacramento, CA 95814-5512

Re: Avenal Energy Project (Docket No. 08-AFC-01C)

Dear Ms. Remy-Obad:

Avenal Power Center, LLC ("Avenal") appreciates the additional time to evaluate options for the Avenal Power Center (the "Project") provided by the California Energy Commission ("Commission") in its Order Approving a Petition to Extend the Deadline for Commencement of Construction (Order No. 14-1210-6). The additional time allowed Avenal to conduct a deliberate consideration of the value of the interconnection and site location, and the current energy needs for the energy markets in California and the western states. All of the options Avenal is pursuing for the next generation of the Project differ substantially from the Project permitted by the Commission in December of 2009. As such, the environmental analysis contained in the Commission Decision would have only limited applicability to the new project.

Therefore, Avenal hereby notifies you of its intent to let the license for the Project expire on September 16, 2015. Should you have any questions or need additional information please do not hesitate to contact me.

Sincerely,

DAY CARTER & MURPHY LLP

Jane E. Luckhardt
