Docket Number: 12-AFC-03

Please perform the needs analysis

Please perform a formal needs analysis of RBEP as recommended by the California Coastal Commission. It would be a crime against our natural resources to construct a power plant in the coastal zone if it was not an absolute necessity. There are far better options to produce power closer to their needs. Failure to perform the Needs Analysis is a dereliction of duty that could lead to an underinformed decision with negative coastal impacts for decades to come.

Respectfully submitted -
Michael Stewart
