**SUBJECT: LARKSPUR ENERGY FACILITY (01-EP-01)
START OF CONSTRUCTION**

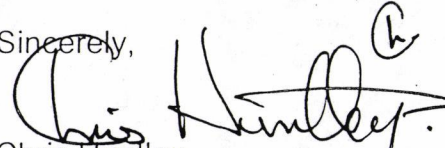

Dear Mr. Jones:

The Larkspur Energy Facility is in compliance with all conditions of certification that are required to be satisfied prior to the start of construction of the power plant and related facilities. Construction may commence as soon as all required plan approvals and/or permits from the City of San Diego Chief Building Official (CBO) have been secured, and the requisite permit fees have been paid to cover plan review and inspection activities by the City of San Diego CBO.

Please note the following additional conditions required by the CEC for the Larkspur Energy Facility. An amendment shall be filed within ten (10) days for measures SOCIO-1 and fifteen (15) days for measure TSE-2. In addition, the applicant shall provide for the timely submission of compliance reporting to the Compliance Project Manager (CPM).

If you have any questions, please call me at (818) 292-2327, or E-mail at chuntley@aspeneg.com.

Sincerely,

Chris Huntley
Compliance Project Manager
