Dear Mr. Oglesby:

Pursuant to Title 20 of the California Code of Regulations and direction received from California Energy Commission (Commission) staff, the Sacramento Power Authority (SPA) hereby submits this "Repeated Application for Confidential Designation Pursuant to Section 2505(a)(4) of Title 20: SPA's Campbell Cogeneration Project (93-AFC-3C): Cultural Resources CHRIS Literature Search Data."

Section 2505(a)(4) provides that if an applicant's prior application for confidential designation of substantially similar information has been granted pursuant to Section 2505, a subsequent application need only contain certification pursuant to Section 2505(a)(1)(G), that the information submitted is substantially similar to the initial application, and that all facts and circumstances relevant to the granting or approval of the initial application are unchanged.

The Commission's Executive Director has previously approved SMUD's request for confidential designation regarding cultural resources and other subject matters related to the SPA's Campbell Cogeneration Project. Pursuant to direction received from Commission staff, SMUD now wishes to submit this repeated application for confidential designation for the following document:

The information submitted with this application is substantially similar to the information submitted in SPA's initial application, and all facts and circumstances relevant to the granting of SPA's initial application are unchanged.

*I certify under penalty of perjury under the laws of the State of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and I am authorized to make the application and certification on behalf of SPA.*
