GREEN CREATIVE - Comments - Title 20 Docket No. 15-AAER-6

To Commissioner McAllister,

As a California based LED lighting manufacturer, GREEN CREATIVE supports the commission on the advancement of higher quality Solid State Lighting Products as a path to greater energy savings and market transformation. As stated during the recent public hearing we support the recent Title 20 draft language and will work with your staff on helping to resolve issues toward final adoption

GREEN CREATIVE does not see any supply issues related to title 20 in terms of California having access to high quality Title 20 compliant lamps, especially within the time frames specified.

Thanks for the opportunity to participate.

Regards,

Erik
