Cheap Electricity?

Is it true that over generation will mean boon of cheap electricity, or will generators leave the market as the price drops?

Is the market and those that regulate the market ready for a change from business as usual?

Please view video contained in the attached PDF.

Value of integration solutions is driven by the cost of overbuilding renewables

- + **Renewable curtailment requires "overbuild" of renewable resources to replace curtailed energy**

- Increases the cost of RPS compliance

- + **Integration solutions reduce curtailment and overbuild costs**

- + **Optimal level of integration solutions minimizes balances the overbuild costs with solution costs**
