Docket No. 13-AFC-01

NOTICE OF COMMITTEE STATUS CONFERENCE

PLEASE TAKE NOTICE that the Energy Commission Committee (Committee) assigned to conduct proceedings on the Application for Certification (AFC) for the Alamitos Energy Center (AEC) has scheduled a public Committee Status Conference to review the progress of the AFC and consider any then-pending motions or petitions on:

THURSDAY, FEBRUARY 11, 2016

Beginning at 9:00 a.m.

**California Energy Commission
Charles Imbrecht Hearing Room (Hearing Room B)
1516 Ninth Street
Sacramento, CA 95814
(Map Attached)**

TELECONFERENCE OPTION: Parties and the Public may attend the meeting in person at the above location or by telephone and/or by computer via our "WebEx" internet conferencing system. For details on how to participate by WebEx, please see the "Instructions for Using WebEx Teleconferencing" attached to this Notice.

Background

On December 27, 2013, AES Southland Development, LLC (Applicant) submitted an AFC to modernize the existing Alamitos Generating Station (AGS). The AFC was deemed "data adequate" on March 12, 2014. On October 26, 2015, the Applicant filed a supplemental AFC (SAFC) which changed the design of the proposed AEC project. The AEC would be located on an approximately 21-acre site within the larger 71.1-acre AGS site which is bounded on the north by State Route 22, on the east by the San Gabriel River, on the south by 2nd Street, and on the west by N. Studebaker Road in the City of Long Beach, Los Angeles County, California.

The proposed AEC would consist of two gas turbine power blocks. Power Block 1 would consist of two natural-gas-fired combustion turbine generators in a combined-cycle

configuration, two unfired heat recovery steam generators, one steam turbine generator, an air-cooled condenser, an auxiliary boiler, and related ancillary equipment. Power Block 2 would consist of four simple-cycle combustion turbine generators with fin-fan coolers and ancillary facilities.

The SAFC, which includes a description of the revised proposed project and engineering and environmental details, may be viewed at:

<https://efiling.energy.ca.gov/getdocument.aspx?tn=206427-1>

Purpose of the Committee Status Conference

The Committee will conduct the Status Conference to discuss the progress made in the proceeding, any barriers to the timely completion of Staff's preliminary analysis, date-specific project milestones, and any other matters relevant to the schedule. It may also address any then-pending motions, petitions, or other requests that are ready for consideration.

As allowed by California Code of Regulations, title 20, section 1207, a Status Conference may be conducted by the Hearing Officer without either Commissioner being present.

Closed Session

At any time during the conference, the Committee may adjourn to a closed session in accordance with California Government Code section 11126, subdivision (c)(3), which allows a state body, including a delegated committee, to hold a closed session to deliberate on a decision to be reached in a proceeding the state body was required by law to conduct.
