**Re: CCFC Sutter Energy, LLC, CEC License 97-AFC-02
Pending Petition for Modification**

Reference is made to that certain Petition for Modification (the "Petition") submitted by CCFC Sutter Energy, LLC ("CCFC") to the California Energy Commission ("CEC") on March 3, 2013.

As you are aware, CCFC has made the decision to suspend electric generation operations at the Sutter Energy Center and to layup the facility for the balance of 2016, while it evaluates the future of the facility. Accordingly, this letter is to formally request that the CEC suspend its review of the Petition that is currently pending before the CEC. CCFC respectfully requests that the Petition be held in abeyance until such time as CCFC notifies the CEC of its final decision regarding the future of the facility.

Please do not hesitate to contact me with any questions.

Sincerely,

Barbara McBride
Director, Environmental Services
