## **NOTICE OF NAME CHANGE AND NOTICE OF RECEIPT PETITION TO CHANGE OWNERSHIP AND OPERATIONAL CONTROL for the GWF TRACY COMBINED-CYCLE POWER PLANT (08-AFC-7C)**

On December 29, 2015, a notice of name change and a petition to change ownership and operational control was docketed by the California Energy Commission (Energy Commission) staff. The petition requested approval to transfer ownership from GWF Energy LLC to AltaGas San Joaquin Energy Inc., and that operational control be transferred to AltaGas Tracy Operations Inc. The petition also provided notice of a change in the name of the facility from GWF Tracy Combined Cycle Power Plant to the Tracy Combined Cycle Power Plant. GWF Tracy is a 330-megawatt (MW) combined cycle generating facility that was certified by the Energy Commission on March 24, 2010, and began commercial operation on November 1, 2012. The project is located on a 16.38-acre, fenced site within a 40-acre parcel in an unincorporated portion of San Joaquin County immediately southwest of Tracy, California, and approximately 20 miles southwest of Stockton, California.

### **ENERGY COMMISSION REVIEW PROCEDURES**

A statement describing the change in ownership and operational control, signed under penalty of perjury by a representative of the new owner of the project, was submitted to the Energy Commission staff for review and Energy Commission approval as required by Title 20, California Code of Regulations, section 1769(b). The statement affirms that the new owner agrees to be bound by the requirements of the Energy Commission's March 24, 2010 Decision for the project and understands the obligations imposed by the Conditions of Certification. Based on the information provided, staff intends to recommend the proposed change in ownership and operational control be approved by the Energy Commission at the April 13, 2016, Business Meeting.

The petition has been docketed on the Energy Commission's Tracy Combined Cycle webpage at, <http://www.energy.ca.gov/sitingcases/tracyexpansion/>. If the petition is approved, the Energy Commission's Order will also be docketed.

This Notice of Receipt has been mailed to the Energy Commission's facility mail list of interested parties and property owners adjacent to the facility site. It has also been e-mailed to the facility listserv. The listserv is an automated Energy Commission e-mail system by which information about this facility is e-mailed to parties who have subscribed. To subscribe, go to the Energy Commission's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews and approves your comments, and you will receive an e-mail with a link to them.
