March 7, 2016

Mr. Christopher Meyer  
Project Manager  
California Energy Commission  
1516 Ninth Street  
Sacramento, CA 95814

**Re: Alamos Energy Center (13-AFC-01): Removal of Temporary Secondary Construction Access Road**

Dear Mr. Meyer:

AES Alamos Energy, LLC (AES)<sup>1</sup>, the Applicant, submits this supplemental information for the Alamos Energy Center (AEC) located in the City of Long Beach, California. A Supplemental Application for Certification (SAFC) was filed on October 26, 2015.

As discussed at the February 11, 2016 Status Conference, the Applicant confirms the need to remove references to the temporary secondary construction access road for the AEC as shown in AEC SAFC Figure 1.1-3. Securing the necessary rights for the temporary construction access road is not feasible. The Commission's analysis should reflect access to the AEC site during construction and operation through the main Alamos Generating Station gate off of Studebaker Road. The removal of the temporary construction access road will not alter the Applicant's plan for the secondary emergency access for AEC, and the information required for the analysis of the main gate access is in the SAFC.

We recommend that the following references to the temporary secondary construction access road that should also be removed in the Staff's SAFC review:

- Executive Summary Figure 1.1-3
- Project Description Figure 2.1-1
- Air Quality – Section 5.1.1 (Setting); Section 5.1.6.1 (Criteria Pollutant and Greenhouse Gas Emission Estimates)
- Biological Resources - Section 5.2.1 (Setting); Figure 5.2-1, Figure 5.2-2a-e, Figure 5.2-3, Figure 5.2-4a-b, 5.25d, Figure 5.2-5f,
- Cultural Resources - Section 5.3.1 (Setting)
- Geological Hazards and Resources - Section 5.4.1 (Setting) ; Figure 5.4-1a, Figure 5.4-1b
- Hazardous Materials Handling - Section 5.5.1 (Setting); Section 5.5.2 (Affected Environment)
- Land Use - Section 5.6.1 (Setting); 5.6.2.2 (Land Use at the AEC Site Construction Laydown Areas and Access Road); Table 5.6-3 (AEC Conformity with Local Land Use Plans and Policies) ; Figure 5.6-1, Figure 5.6-2, Figure 5.6-3, Figure 5.6-4
- Noise - Section 5.7.1 (Setting and Affected Environment); Figure 5.7-1
- Paleontological Resources - Section 5.8.1 (Setting)

---

<sup>1</sup> As we have informed the Commission, AES Alamos Energy, LLC, the project company, has replaced AES Southland Development, LLC as the Applicant in this proceeding.

- Public Health – Section 5.9.1 (Setting); Figure 5.9-1a, Figure 5.9-1b
- Socioeconomics – Section 5.10.1 (Setting)
- Soils - Section 5.11.1 (Setting and Affected Environment); Section 5.11.2.4 (Soil Erosion during Construction and Demolition); Figure 5.11-1
- Traffic and Transportation - Section 5.12.1 (Setting and Affected Environment); Section 5.12.1.1 (Existing Regional and Local Transportation Facilities); Section 5.12.2.6 (Emergency Vehicle Access); Figure 5.12-1, Figure 5.12-2a, Figure 5.12-3, Figure 5.12-4, Figure 5.12-5, Figure 5.12-6, Figure 5.12-7
- Visual Resources – Section 5.13.1 (Affected Environment); Section 5.13.1.4 (Construction Laydown Areas and Access Road); Section 5.13.2.3 (Project Appearance); Section 5.13.5.2 (Local LORS); Figure 5.13-1
- Waste Management – Section 5.14.1 (Setting)
- Water Resources – Section 5.15.1 (Affected Environment); Figure 5.15-1, Figure 5.15-2, Figure 5.15-3
- Worker Health and Safety – Section 5.16.1 (Setting)
- Alternatives – Section 6.2.1 (General Project Description)
- CONFIDENTIAL Appendix 5.3B Cultural Inventory Report – Figure 1 and 2
- CONFIDENTIAL Appendix 5.3C Literature Search Results - Figures
- CONFIDENTIAL Appendix 5.3E Full Results Maps

If you have any additional questions, please contact me. As always, thank you for your time and consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read "S. O'Kane". The signature is fluid and cursive, with a large initial "S" and a stylized "O'Kane".

Stephen O'Kane  
Vice-President  
AES Alamos Energy, LLC
