RE: SG2 IMPERIAL VALLEY, LLC'S AUDIT REPORT FOR THE CREATION OF
RETROACTIVE RENEWABLE ENERGY CREDITS (REC'S) IN WREGIS FOR
SONORA (CEC-RPS-ID NO. 61645A), ALHAMBRA (CEC-RPS-ID NO. 61646A), AND
ARKANSAS (CEC-RPS-ID NO. 61844A)

Dear Mr. Styslinger:

This is in response to SG2 Imperial Valley, LLC's January 19, 2016, completed audit report for the creation of retroactive renewable energy credits (RECs), consistent with WREGIS Operating Rules Section 12.9. Energy Commission staff has reviewed the documentation submitted by SG2 Imperial Valley, LLC, pursuant to the *RPS Eligibility Guidebook, Eighth Edition*. Based on the supporting documentation submitted by Deloitte & Touche LLP for the audit report and Energy Commission staff's review of that documentation, I have determined the audit report satisfies the requirements and confirms that the RECs in question were not sold, traded, or otherwise transferred to any other individual or entity or used to satisfy any state or voluntary program.

Energy Commission staff will forward this request to WREGIS for their consideration and approval to create retroactive RECs in WREGIS and invoice SG2 Imperial Valley, LLC for all costs and expenses incurred by WREGIS. The Energy Commission will notify you regarding the decision of WREGIS on the creation of retroactive RECs in WREGIS.

If you have further questions about this matter, please contact Christina Crume at Christina.Crume@energy.ca.gov or 916-654-4674.

Sincerely,

A handwritten signature in blue ink, appearing to read "R. Oglesby", with a long horizontal flourish extending to the right.

Robert P. Oglesby
Executive Director
