Mr. Salamy,

We have reviewed your data responses regarding HBEP cumulative analysis (TN 210620-1, 210620-2, and 210620-3 with links shown below). We understand that you have not received complete dataset from the district for the cumulative analysis. We agree with the alternative approach that, for the Preliminary Staff Assessment, you use the list of cumulative sources approved for the licensed HBEP from January 17, 2013 (as shown in Attachment A5-2 in TN 210620-3). If you receive additional data from the district prior to issuance of the Final Staff Assessment, please revise the cumulative air quality impacts analysis.
