RE: DTE STOCKTON, LLC'S AUDIT REPORT FOR THE CREATION OF
RETROACTIVE RENEWABLE ENERGY CREDITS (REC'S) IN WREGIS FOR
DTE STOCKTON (CEC-RPS-ID NO. 60964A)

Dear Mr. Rigby:

This is in response to DTE Stockton, LLC's January 15, 2016, audit report for the creation of retroactive renewable energy credits (RECs), consistent with WREGIS Operating Rules Section 12.9. Energy Commission staff has reviewed the documentation submitted by DTE Stockton, LLC, pursuant to the *RPS Eligibility Guidebook, Eighth Edition*. Based on the supporting documentation submitted by Plante & Moran, PLLC for the audit report as well as feedback from my staff, I have determined the audit report satisfies the requirements and confirms that the RECs in question were not sold, traded, or otherwise transferred to any other individual or entity or used to satisfy any state or voluntary program.

Energy Commission staff will forward this request to WREGIS for their consideration and approval to create retroactive RECs in WREGIS and invoice DTE Stockton, LLC for all costs and expenses incurred by WREGIS. The Energy Commission will notify you regarding the decision of WREGIS on the creation of retroactive RECs in WREGIS.

If you have further questions about this matter, please contact Christina Crume at Christina.Crume@energy.ca.gov or 916-654-4674.

Sincerely,
