Subject: **The Committee intends to cancel May 23, 2016 Status Conference [13-AFC-01]**

The South Coast Air Quality Management District has indicated the PDOC for the Alamos project will not publish until late June. (TN 211419). The Committee will vacate the May 23, 2016 Status Conference. Is there any reason why the Committee should convene a Status Conference prior to the publication of the PDOC?
