RE: AVAQMD Approval of PEP Road Paving Protocol

Dear Mr. Darwin:

The Antelope Valley Air Quality Management District approves the Paving Emissions Reduction Credits Protocol (Protocol) for the Palmdale Energy Project. The District finds that by following the Protocol and the Paving Emissions Reduction Credit application process, the Palmdale Energy Project's paving of unpaved public road segments would be eligible for use as PM10 offsets in accordance with District Regulation XIII- *New Source Review*.

Should you have any questions, please contact Chris Anderson at (760) 245-1661 extension 1846.

Sincerely,

Bret S. Banks
Air Pollution Control Officer
