Attestation for Gas Delivery

Attestation by Kern River Gas Transmission Company of Gas Delivery to the Department of Water and Power for the City of Los Angeles.

I am an authorized representative of Kern River Gas Transmission Company (Kern River), and hereby attest that gas has been delivered for the Department of Water and Power for the City of Los Angeles (LADWP) from receipt points on the Kern River system to interconnection points with the distribution system of Southern California Gas Company under LADWP's Kern River firm transportation service agreements. Gas delivery has been made directly through the Kern River system at Opal, Wyoming to the Southern California Gas Company distribution system in southern California, and has not been supplied from storage at any time throughout its transit through the Kern River system. I further attest that the LADWP has firm transportation capacity on the Kern River system and has continually owned this capacity from March 1992 to the present year 2016.

I declare under penalty of perjury that the information provided in this form is true and correct to the best of my knowledge.
