**NOTICE OF RECEIPT
PETITION TO AMEND
THE CALIFORNIA ENERGY COMMISSION DECISION FOR THE
MAGNOLIA POWER PROJECT (01-AFC-6C)**

On May 12, 2016, the Southern California Public Power Authority (SCPPA) filed a petition with the California Energy Commission (Energy Commission) requesting to amend the Final Decision for the Magnolia Power Project (MPP). The combined-cycle, natural gas-fired, 323-megawatt facility was certified by the Energy Commission in its Decision on March 5, 2003 and began commercial operation on September 22, 2005. The facility is located in the City of Burbank, in Los Angeles County, California.

DESCRIPTION OF PROPOSED MODIFICATION

SCPPA proposes to amend existing Air Quality Conditions of Certification **AQ-1** through **AQ-7**, **AQ-11**, **AQ-13**, **AQ-16**, and **AQ-17**, and add several new air quality conditions. These condition changes were the result of Burbank Water and Power, the operator of the MPP, identifying instances where the current startup durations exceeded limitations contained in Conditions of Certification **AQ-13**, **AQ-16** and **AQ-17**.

The proposed amendment would not result in any environmental impacts or inconsistency with any laws, ordinances, regulations, or standards. The South Coast Air Quality Management District has evaluated the proposed changes and has updated the language in the District's documents to reflect the above changes.

ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES

The Energy Commission's webpage for this facility, <http://www.energy.ca.gov/sitingcases/magnolia/index.html>, has a link to the amendment petition on the right side of the webpage in the box labeled "Compliance Proceeding." Click on the "Documents for this Proceeding (Docket Log)" option.

Energy Commission staff is currently reviewing the petition. The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality and on public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination on whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations and standards (20 Cal. Code of Regs., § 1769). After the staff has completed its independent review and analysis of this petition to amend, it will publish its assessment for public review and comment.

This Notice of Receipt has been mailed to the Energy Commission's facility mail list of interested parties and property owners adjacent to the facility site.

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews and approves your comments, and you will receive an e-mail with a link to them.

Written comments may also be mailed or hand-delivered to:

California Energy Commission
Dockets Unit, MS-4
Docket No. 01-AFC-6C
1516 Ninth Street
Sacramento, CA 95814-5512

All comments and materials filed with and approved by the Dockets Unit will be added to the facility Docket Log and become publicly accessible on the Energy Commission's webpage for the facility.

If you have questions about this Notice, please contact Dale Rundquist, Compliance Project Manager, at (916) 651-2072, or by fax to (916) 654-3882, or via e-mail at dale.rundquist@energy.ca.gov.

For information on participating in the Energy Commission's review of the petition, call the Public Adviser at (800) 822-6228 (toll-free in California) or send your e-mail to publicadviser@energy.ca.gov. News media inquiries should be directed to the Energy Commission Media Office at (916) 654-4989, or by e-mail to mediaoffice@energy.ca.gov.
