Sacramento, CA 95814
(Map Attached)**

Parties and the Public may attend the meeting in person at the above location, or by telephone, computer, or mobile device using our “WebEx” conferencing system. For details on how to attend using WebEx, please see the instruction sheet attached to this Notice.

Background

On January 21, 2016, LADWP filed a Letter of Appeal² appealing the Executive Director’s decision denying LADWP’s Petition for Reconsideration of Energy Commission staff’s denial of LADWP’s Application for RPS certification for its Scattergood, Harbor, Valley, and Haynes Generating Stations Using Biomethane from 2009 Shell and Atmos Contracts. The Energy Commission appointed the Committee to conduct hearings and other proceedings on the appeal and recommend a decision for consideration by the full Energy Commission.

Purpose of the Committee Status Conferences

The Committee will conduct the Status Conference to assess the parties’ progress and readiness to proceed to hearings, to frame the issues to be addressed during the hearings and refine the schedule for review and decision of the appeal. The Committee may also address any then-pending motions, petitions, and other requests that are ready for consideration.

As allowed by California Code of Regulations, title 20, section 1205, the Status Conference may be conducted by the Hearing Officer without either Commissioner being present.

Closed Sessions

At any time during the conferences, the Committee may adjourn to a closed session in accordance with California Government Code section 11126, subdivision (c)(3), which allows a state body, including a delegated committee, to hold a closed session to deliberate on a decision to be reached in a proceeding the state body was required by law to conduct.
