-All information on this form and on any attachments is subject to public disclosure-
Name of Facility applying for RPS Certificiation: Harbor Generating Station
Fuel Production Facility Name: Stony Hollow Landfill
Biomethane Delivery Entity: Shell Energy North America
Entity delivering the biomethane to the receipt point: Pinnacle Gas Producers, LLC
Receipt point: Consumers' Energy Sales Meter at the Landfill (999 Delivery point: Opal
Receiving entity at the delivery point: LADWP
Pipeline Biomethane Delivery Attestation for Certification Applications
I am an authorized officer or agent of the above-noted blomethane delivery entity, and hereby attest on behalf of said blomethane delivery entity that blomethane, as defined in the California Energy Commission's <i>Renewables Portfolio Standard Eligibility Guidebook</i> , from the above noted fuel production facility, has been delivered, and will continue to be delivered pursuant to the terms of the delivery contract, from the named entity delivering the blomethane to the above noted receipt point to the named entity receiving the blomethane at the above noted delivery point, in the manner as required by the <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I also attest that the above noted blomethane delivery entity has not sold, traded, given away, claimed, or otherwise disposed of any of the attributes associated with the blomethane separate from the blomethane itself that would prevent the resulting electricity from being compliant with the definition of "green attributes" as defined in the <i>Renewables Portfolio Standard Eligibility Guidebook</i> , nor will it do so for any blomethane used to generate RPS eligible electricity at the above noted electrical generation facility, any marketing, regulatory, or retail claim of GHG reductions from methane destruction without rightful ownership of the environmental attributes associated with the capture and destruction of the biomethane, and in full compliance with <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I acknowledge that any RPS certification approved by the Energy Commission for the above noted and understand the provisions, eligibility criteria, and requirements of that guidebook and my responsibilities under that guidebook. I acknowledge that any RPS certification approved by the Energy Commission for the above noted electrical generation facility applying for RPS certification is conditioned on the above noted biomethane delivery entity's acceptance and satisfaction of all applicable program requirements as est forth in the <i>Renewables Portfolio St</i>

Plpeline Biomethane Delivery Attestation for Certification Applications
I am an authorized officer or agent of the above-noted biomethane delivery entity, and hereby attest on behalf of said biomethane delivery entity that biomethane, as defined in the California Energy Commission's <i>Renewables Portfolio Standard Eligibility Guidebook</i> , from the above noted fuel production facility, has been delivered, and will continue to be delivered pursuant to the terms of the delivery contract, from the named entity delivering the biomethane to the above noted receipt point to the named entity receiving the biomethane at the above noted delivery point, in the manner as required by the <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I also attest that the above noted biomethane delivery entity has not sold, traded, given away, claimed, or otherwise disposed of any of the attributes associated with the biomethane separate from the biomethane itself that would prevent the resulting electricity from being compliant with the definition of "green attributes" as defined in the <i>Renewables Portfolio Standard Eligibility Guidebook</i> , nor will it do so for any biomethane used to generate RPS eligible electricity at the above noted electrical generation facility, any marketing, regulatory, or retail claim of GHG reductions from methane destruction without rightful ownership of the environmental attributes associated with the capture and destruction of the biomethane, and in full compliance with <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I have read the above information as well as the <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I have read the above information as well as the <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I have read the above information as well as the <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I have read the above information as well as the <i>Renewables Portfolio Standard Eligibility Guidebook</i> . I have read the above onded biomethane delivery entity's acceptance and satisfaction facility applying for RPS certification is conditioned on t
knowledge and that I am authorized to submit this form on behalf of the above noted biomethane delivery entity.
Officer Title: IP Company: JHELL ENERGY NOPERAT AMER
