## **Reopening of Aliso Canyon**

United Chambers of Commerce is a voice here in the San Fernando Valley by working with our 18 Member Chambers who are supported by large and small businesses.

We must reopen the Aliso Canyon field as soon as it is deemed safe, reliable and operable to avoid uninterrupted service. This storage facility is imperative to the San Fernando Valley and regions for our source of natural gas.

This could have a huge impact on our business community and our residents with service being interrupted and also if costs were too increase.

Sempra Energy / SoCalGas has been diligent in keeping the community updated on the progress they have been working on.
