Docket Number: 07-SB-01

afordable electric for lower income home owners

with the PUC allowing or partnering with PG&E to allow the new electrical rate increase making it the highest in the mainland nation

a program to assist the homeowner as the contractor with preapproved plans, reduced permit costs, a state store to buy equipment at a discount and help or a pamphlet to help with the PACE loan or other financial opportunity for D.I.Y.s.

A grant to a collage to assist people ?

I am a retired construction worker on a low fixed income and finding this state increasingly difficult to afford to live in the state I an my family were born in.
