**SUBJECT: Humboldt Bay Generating Station (06 AFC-07C) – Withdrawal of Site Boundary Expansion and Project Modification**

Dear Mr. Boyer:

On May 7, 2015, PG&E filed a Site Boundary Expansion and Project Modification petition for the Humboldt Bay Generating Station (HBGS). The primary purpose of the petition is to modify the HBGS site boundary once decommissioning and site restoration of the adjacent Humboldt Bay Power Plant (HBPP) are complete, estimated to be in December 2018.

At this time, PG&E would like to withdrawal the site boundary project modification. A revised project modification will be submitted to the California Energy Commission prior to the completion of HBPP decommissioning and site restoration.

Sincerely,
