Subject: **STATUS CONFERENCE**

The Committee Scheduling Order filed August 12, 2016 (TN 212756) included, among other items, a Status Conference for October 19, 2016. At this time, the Committee is unaware of any issues requiring a status conference. The docket indicates that the Energy Commission Staff and the Applicant are currently conducting discovery without the need for Committee involvement.

Therefore, the Committee will not hold a status conference on October 19, 2016. If any party or member of the public believes a status conference would be beneficial, please file a request, including the issues and available times and dates.
