In the Matter of:

**DOCKET NO. 08-AFC-09C**

Petition For Amendment for the  
PALMDALE ENERGY PROJECT

**PALMDALE ENERGY, LLC's STATUS  
REPORT 12**

---

In accordance with the Committee Scheduling Order dated December 2, 2015, Palmdale Energy, LLC has prepared this Status Report 12 to inform the Committee and to provide recommendations concerning the processing of the Petition For Amendment for the Palmdale Energy Project (PEP). The following summarizes the status of the Commission process since the last status report which was filed on October 14, 2016.

**Schedule**

On October 17, 2016, the Committee granted Palmdale Energy, LLC's request to postpone evidentiary hearings to investigate an error that was discovered in some of the data that was supplied concerning the Air Cooled Condenser. This error may affect the results of the ACC thermal plume modeling. Palmdale Energy, LLC continues to work with Siemens and ACC vendors to refine data that was used in the ACC thermal plume modeling effort conducted by Palmdale Energy, LLC and Staff. At this time Palmdale Energy, LLC believes it will be able to file a description of the error and updated ACC thermal plume modeling by December 15, 2016. Palmdale Energy, LLC continues to believe that a Staff Workshop would be helpful to discuss the information with Staff.

Dated: November 16, 2016

Respectfully Submitted,

---
