## Notice of Petroleum Market Advisory Committee Meeting

The Petroleum Market Advisory Committee (PMAC), an advisory body created by the California Energy Commission, will conduct a meeting to hear presentations on California gasoline price volatility and to discuss policy alternatives for mitigation of gasoline price volatility. Specifically, the Committee will meet to hear and discuss proposals to mitigate large price increases in gasoline and diesel markets within California with the objective of developing recommendations to state policy makers that will reduce volatility in petroleum market activities.

Members of the PMAC, Commissioner Janea A. Scott, and other Energy Commission Commissioners may attend and participate.

### Background

The California Energy Commission established the Petroleum Market Advisory Committee to better understand factors and conditions related to petroleum price fluctuations, impacts on consumers, and policy options that may affect markets. The committee consists of five petroleum fuels market experts appointed by the Energy Commission. These leading energy economists and experts provide the Energy Commission and state regulators with independent advice and insights on issues affecting the market, from local policies to global events.

## Agenda

Refer to the last page of this notice for the agenda (page 5).

## Public Comment

Oral comments: The Committee will accept oral comments during the meeting. Comments may be limited to three minutes per speaker. Any comments will become part of the public record in this proceeding.

**Written comments should be submitted to the Dockets Unit by 4:00 p.m. on December 6, 2016.** Written comments will be also accepted at the meeting; however, the Commission may not have time to review them before the conclusion of the meeting.

Please note that your written and oral comments, attachments, and associated contact information (e.g. your address, phone, email, etc.) become part of the viewable public record. This information may become available via Google, Yahoo, and other search engines.
