**REQUEST FOR PUBLIC ACCESS TO THE ENCLOSED FINAL STAFF  
ASSESSMENT PART 2 FOR THE PROPOSED HUNTINGTON BEACH ENERGY  
PROJECT PETITION TO AMEND (12-AFC-02C)**

Dear Librarian:

We request that the enclosed copy of the Final Staff Assessment (FSA) Part 2 for the Huntington Beach Energy Project – Petition to Amend be made publicly available in your library for those who may wish to be informed about this energy project under review by the California Energy Commission and that it, along with the Notice of Availability, be placed in a conspicuous and accessible location.

We request that you not allow the Notice of Availability, the FSA Part 2, or any of its contents to be removed from the library for a period of one year. To increase accessibility of the document, we ask, if possible, that you cross reference it as a general reference work under the title and author categories, as well as under such subjects as “Energy Commission,” “electricity energy/generation,” “power plant siting,” or any other relevant subject.

The enclosed FSA Part 2 contains Energy Commission staff’s final engineering and environmental evaluation of the proposed project. If approved, the 844-megawatt (MW) electric power project would be located on 30 acres at the Huntington Beach Generating Station site at 21730 Newland Street, just north of the intersection of the Pacific Coast Highway (Highway 1) and Newland Street, Orange County.

The Energy Commission’s siting process encourages input from the public as well as local, state and federal agencies and tribes. To facilitate public participation in our review process, the Energy Commission distributes copies of staff documents such as the FSA to public libraries in communities near the proposed project, and in major cities throughout the state.

Thank you for your cooperation. If you have any questions about this project or the FSA, please contact John Heiser, Energy Commission Project Manager, at (916) 653-8236 or e-mail at [John.Heiser@energy.ca.gov](mailto:John.Heiser@energy.ca.gov).

Sincerely,

Date: December 12, 2016
