Subject: **WITNESSES NEEDED FOR EVIDENTIARY HEARING**

The Committee assigned to conduct proceedings on the Huntington Beach Energy Project Amendment (Amended Project) has preliminarily identified the need for a witness(es) to present testimony on the following:

The Amended Project includes the construction of construction worker parking and a laydown yard on an adjacent parcel, also known as the former Plains All-American Tank Farm. The use of this parcel also requires the construction of modifications to the intersection of Magnolia Street and Banning Avenue in the city of Huntington Beach. Please provide testimony on the following:

1. Timing to construct the intersection modifications
2. Timing to construct the construction worker parking and laydown yard
3. Number of workers travelling to the Amended Project site during the construction of the intersection modifications and the worker parking/laydown yard
4. The general nature of the work that needs to be done to the adjacent parcel and intersection

Witnesses may appear telephonically to address these questions.

The questions listed above are preliminary only; other topics requiring testimony may be identified during the Prehearing Conference to be held immediately prior to the Evidentiary Hearing on December 21, 2016.
