**NOTICE OF RECEIPT
PETITION TO AMEND METCALF ENERGY CENTER COMMISSION DECISION
(99-AFC-3C)**

On December 14, 2016, Metcalf Energy Center, LLC filed a Petition to Amend (PTA) with the California Energy Commission (Energy Commission) requesting to modify the Final Decision for the Metcalf Energy Center (MEC). MEC was certified in September 2001 as a 600 megawatt combined-cycle natural gas-fired power plant, and commenced commercial operation in June 2005. MEC is located in the city of San Jose, California.

DESCRIPTION OF PROPOSED MODIFICATIONS

The PTA (TN 214804) is seeking approval to modify the MEC Commission Decision to:

- (1) Align the Air Quality conditions of certifications to Title V Operating Permit issued by the Bay Area Air Quality Management District (BAAQMD); and
- (2) Delete provisions from Air Quality conditions of certification associated with initial compliance testing and monitoring for the periods immediately following facility commissioning, where these conditions are no longer applicable.

For additional information, the Energy Commission's webpage for this facility, <http://www.energy.ca.gov/sitingcases/metcalf/index.html>, has a link to the petition to the proposed project modifications (TN 214804) accessible through the webpage in the box labeled "Compliance Proceeding." Click on the "Documents for this Proceeding (Docket Log)" option.

ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES

The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality and on public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination on whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations and standards (20 Cal. Code of Regs., § 1769). After the staff has completed its independent review and analysis of this petition, it will publish its assessment for public review and comment. Upon completion of its review, the staff will provide written notice of its intent to either process the proposed changes as a Staff Approved Project Modification or schedule it for consideration by the Energy Commission at a regularly scheduled Business Meeting.

This Notice of Receipt has been mailed to the Commission's facility mail list of interested parties and property owners adjacent to the facility site. It has also been

emailed to the facility listserv. The listserv is an automated Energy Commission e-mail system by which information about this facility is e-mailed to parties who have subscribed. To subscribe, go to the Commission's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews your comments and posts them when approved. You will receive an e-mail with a link to them.

Written comments may also be mailed or hand-delivered to:

California Energy Commission
Dockets Unit, MS-4
