**MISSION ROCK ENERGY CENTER
STATUS REPORT #5**

In accordance with the *Committee Scheduling Order* issued on August 12, 2016,¹ Mission Rock Energy Center, LLC (the “Applicant”) files this Status Report to inform the Committee on the progress of the Mission Rock Energy Center (“Project”) proceeding.

The Applicant submitted responses to Staff’s Data Requests Set 1 and 1A on December 22, 2016. For Data Request No. 115, the Applicant has received several responses to the letters to landowners requesting access permission, some of which will require additional information from the landowners before the Applicant can proceed with the surveys. The Applicant anticipates that it will begin the surveys later this month. On December 2, 2016 Staff issued Data Request Set 2. The Applicant will provide responses on or before January 3, 2017. On December 30, 2016, Staff issued Data Request Set 2A. The Applicant is reviewing Data Request Set 2A.

The Applicant thanks the Committee and Staff for the productive discussions relating to schedule at the December 19th Status Conference. The Applicant requests that the Committee issue a revised scheduling order that: (1) provides a definitive date for the close of the discovery period and (2) establishes timeframes for publication of the Preliminary Staff Assessment 30 days after publication of the Preliminary Determination of Compliance and other proceeding milestones.
