JOINT AGENCY WORKSHOP

RE: 2030 Energy Efficiency Targets

**REQUEST OF THE CALIFORNIA MUNICIPAL UTILITIES ASSOCIATION TO
EXTEND COMMENT DEADLINE FOR JOINT AGENCY WORKSHOP ON 2030
ENERGY EFFICIENCY TARGETS**

The California Municipal Utilities Association (“CMUA”) appreciated the January 23, 2017 Joint Agency Workshop of the California Energy Commission (“Commission”) and California Public Utilities Commission on 2030 Energy Efficiency Targets. The Workshop included discussion on important energy efficiency issues related to Senate Bill (“SB”) 350 implementation, as well as provided an overview of the Commission staff discussion paper on energy efficiency target setting. The Workshop notice states that comments on the Workshop are due February 6, 2017. In order to provide CMUA and its members adequate time to analyze and develop feedback on important issues raised in the Workshop and corresponding discussion paper, CMUA respectfully requests that the Workshop comment deadline be extended to Wednesday, February 15, 2017. CMUA thanks the Commission for its consideration of this request and looks forward to continuing to work with staff on SB 350 implementation.

Respectfully submitted,

Dated: January 26, 2017
