Re: APPLICATION FOR LOCALLY ADOPTED ORDINANCE (GREEN BUILDING/TIER 1)

Dear Ms. Neumann,

In accordance with Public Resources Code Section 25402.1(h)2 and Section 10-106 of the Building Energy Efficiency Standards, this package of materials includes the City of Mill Valley's proposed local ordinance requiring more stringent energy requirements than those set by California's 2016 Building Energy Efficiency Standards Title 24, Part 6. Enclosed please find the following materials:

1. Signed Ordinance No. 1289, which updates the City's Building Ordinance, including requirements for energy reach standards beyond Title 24, Part 6 for new residential, multi-family and commercial construction, based on cost effectiveness analysis.
2. Supporting staff reports as part of the formal adoption of the ordinance
3. Cost effectiveness study and analysis
4. Notice of Exemption to illustrate CEQA compliance

Please feel free to contact me with any questions, and please let me know when your review has been completed.

Sincerely,

A handwritten signature in blue ink that reads "D. Staude".
