Natural Gas Fueling Infrastructure

Slide no. 22, there was mention that there would be some discussion with the advisory committee on "How the ARFVTP should address

funding for natural gas fueling

infrastructure in the future, since most recent solicitation (GFO-16-602) was under-subscribed and Carl Moyer Program (ARB/Air Districts) proposed guidelines are being revised to permit funding for natural gas fueling infrastructure.

I would like to know what came out of the discussion with the advisory committee, will ARFVTP continue to provide incentives for Natural Gas Fueling Infrastructure since there may be some potential overlap with ARB's Carl Moyer Program?
