**SUBJECT: 3/8 Commission Business Meeting Agenda Item 3:
Delta Energy Center (98-AFC-03C)**

Dear Chair Weisenmiller:

Please accept this comment letter from the ISO regarding agenda item 3 Delta Energy Center (98-AFC-03C) on the Energy Commission's March 8th business meeting.

The Delta Energy Center is needed for reliability for Summer 2017 and the ISO supports approval of an order granting the Petition to Amend to make temporary modifications to the steam turbine condenser to run the Delta Energy Center facility in simple-cycle mode.

The ISO appreciates the Energy Commission's attention to this important matter.

Sincerely,

Keith E. Casey, Ph.D.
Vice President, Market and Infrastructure Development
