## **Notice of Public Comment Period Docket No. 16-BSTD-07**

### **Application for Locally Adopted Energy Standards by the City of Fremont in Accordance with Section 10-106 of the California Code of Regulations, Title 24, Part 1**

The city of Fremont submitted an application for their locally adopted Energy Efficiency Standards to the California Energy Commission on January 19, 2016. Energy Commission staff will review and evaluate the proposed application as it relates to the 2016 California Code of Regulations, Title 24, Part 1, Section 10-106. The review of the application will determine if the application is complete and includes all the supporting information necessary to meet the requirements of Section 10-106.

#### **Purpose**

At its regular meeting on November 1, 2016, the Fremont City Council conducted a public hearing and approved a local energy ordinance in accordance with Section 10-106 of the California Code of Regulations, Title 24, Part 1. At this meeting, the City Council determined that mandating the ordinance was cost effective.

The ordinance requires a reduction of the outdoor lighting wattage for some application in new buildings as well as alterations of 50 percent or more of existing lighting in non-residential occupancies.

The city of Fremont submitted its application with the following:

- A copy of the signed ordinance that, among its provisions, includes requirements that constitute a local energy ordinance beyond the baseline energy code.
- A staff report containing statements and analyses that conclude the proposed energy standards within the ordinance are cost effective and will not require buildings to consume more energy than permitted by the current California Energy Code, and that includes evidence that the ordinance was approved at a noticed public meeting.
- A cost-effectiveness study with supporting analysis showing how the energy savings was determined and that the proposed standards are cost effective.

## Background

The California Code of Regulations, Title 24, Part 1, Section 10-106, specifies that energy standards for newly constructed buildings, additions, alterations, and repairs to existing buildings may be adopted by local government agencies provided that the Energy Commission finds that the standards will require buildings to be designed to consume no more energy than permitted by Title 24, Part 6.

## Public Comments

Written comments should be submitted by 5:00 p.m. on April 10, 2017. If you wish to submit comments on the proposal, please submit them using the e-commenting feature on the Energy Commission's webpage at <https://efiling.energy.ca.gov/EComment/EComment.aspx?docketnumber=16-BSTD-07>. A full name, email address, comment title, and either a comment or an attached document (.doc, .docx, or .pdf format) is mandatory. After a challenge response test used by the system to ensure that responses are generated by a human user and not a computer, click on the "Agree & Submit Your Comment" button to submit the comment to the Commission Dockets Unit.

You are encouraged to use the electronic filing system, described above, to submit comments. If you are unable to submit electronically, a paper copy of your comments, including the docket number 16-BSTD-07 and indicating "City of Fremont, Proposed Local Ordinance" may be sent to:

Docket Unit  
California Energy Commission  
Docket No. 16-BSTD-07  
1516 9th Street, MS-4  
Sacramento, CA 95814

Or email them to: [DOCKET@energy.ca.gov](mailto:DOCKET@energy.ca.gov)

Please note that your oral comments, e-Comments, email, written letters, any attachments and associated contact information (for example, address, phone, and email) become part of the viewable public record. Additionally, this information may become available via Google, Yahoo, and other search engines.

## Public Participation

The Energy Commission's Public Adviser's Office provides the public assistance in participation in Energy Commission activities. If you want information on how to participate in this forum, please contact the Public Adviser, Alana Mathews, at (916) 654-4489 or toll free at (800) 822-6228, or by email at [PublicAdviser@energy.ca.gov](mailto:PublicAdviser@energy.ca.gov).

Please direct all news media inquiries to the Media and Public Communications Office at (916) 654-4989, or by email at [mediaoffice@energy.ca.gov](mailto:mediaoffice@energy.ca.gov).

If you have questions on the technical subject matter, please contact Ingrid Neumann at (916) 651-1461, or by email at [ingrid.neumann@energy.ca.gov](mailto:ingrid.neumann@energy.ca.gov).

The proposal and supporting materials can be downloaded at [www.energy.ca.gov/title24/2016standards/ordinances/](http://www.energy.ca.gov/title24/2016standards/ordinances/).
