California Low-Income Barriers Study Overview

March 27, 2017

Michael Sokol

Special Coordinator – SB 350 and AB 802 Implementation
California Energy Commission

PRINCIPAL RECOMMENDATIONS:

- 1. Establish a coordinating task force**
- 2. Enable the economic advantages for community solar**
- 3. Strategize on effective green workforce and education goals in disadvantaged communities**
- 4. Continue developing a series of energy upgrade financing pilot programs**
- 5. Collaboration to establish common metrics and collect and use data systematically across programs**

ADDITIONAL RECOMMENDATIONS:

- 6. Expand opportunities for renewable energy**
- 7. Enhance affordable housing tax credits/credit enhancements supporting clean energy upgrades**
- 8. Establish a pilot program for multiple regional one-stop shops**
- 9. Heightened consumer protection**
- 10. Collaboration with qualified CBOs**
- 11. Research, development, demonstration, and market facilitation programs include targeted benefits**
- 12. In-depth study to increase contracting opportunities**

NEXT STEPS

- **Scope out interagency task force**
- **Implementation plans for each recommendation**
- **Stakeholder workshops**
- **Additional community outreach meetings**
- **Tracking progress over time**
