PALMDALE ENERGY PROJECT

DOCKET NO: 08-AFC-9C

**PALMDALE ENERGY, LLC's
STIPULATION REGARDING CEC
STAFF'S COMPENDIUM OF
CONDITIONS OF CERTIFICATION**

California Energy Commission (CEC) Staff prepared a Compendium of Conditions of Certification identified as Exhibit 508 at the Palmdale Energy Project's (PEP) Evidentiary Hearing on March 22, 2017. At the evidentiary hearing the Committee approved allowing Palmdale Energy, LLC time to review the Compendium of Conditions to ensure that they accurately reflected the exhibits entered into the evidentiary record that contain the Conditions of Certification. Our review discovered one minor error. Staff corrected this error and also added language to Condition of Certification TSE-5 that was discussed and read into the record at the evidentiary hearing. The new Compendium or Conditions of Certification was docketed on April 6, 2017 and assigned TN # 216834.

Palmdale Energy, LLC has reviewed the April 6, 2016 Compendium of Conditions of Certification, TN #216834, and agrees that it accurately represents all of the Conditions of Certification contained in the evidentiary record. Further, Palmdale Energy, LLC supports and agrees that it should be incorporated without modification into the Presiding Member's Proposed Decision for the PEP.
