PALMDALE ENERGY PROJECT

DOCKET NO: 08-AFC-9C

**PALMDALE ENERGY, LLC's
STIPULATION REGARDING CEC
STAFF'S REVISED COMPENDIUM
OF CONDITIONS OF
CERTIFICATION**

California Energy Commission (CEC) Staff prepared a Compendium of Conditions of Certification identified as Exhibit 508 at the Palmdale Energy Project's (PEP) Evidentiary Hearing on March 22, 2017, which was docketed on April 6, 2017 TN #216384 (Original COC). The Original COC included conditions of certification that were proposed to be modified only and did not include those conditions of certification included in the Final CEC Decision that required no modifications as a result of the Palmdale Energy, LLC's Petition To Amend. Staff docketed a Revised COC on May 10, 2017, TN # 217537 (Revised COC).

Palmdale Energy, LLC has reviewed the Revised CEC and believes that the errors identified by the Committee have been addressed and the Revised COC now includes all Conditions of Certification applicable to the PEP. Further, Palmdale Energy, LLC

supports and agrees that it should be incorporated without modification into the Presiding Member's Proposed Decision for the PEP.
